Product	Roadmapping, discovery research, A/B testing, pricing strategy
Tools	Amplitude, Jira, Figma, SQL, Looker
Cross-functional	Engineering partnership, GTM planning, stakeholder management

EXPERIENCE

Senior Product Manager

Harborline Software — San Francisco, CA

Jan 2022 - Present

- Own the workflow-automation product line (\$18M ARR), setting strategy across 3 engineering pods and 22 engineers.
- Led the launch of a no-code automation builder that grew weekly active usage by 63% in two quarters and became the company's top-requested feature the year before.
- Redesigned the onboarding funnel using cohort analysis and moderated user testing, lifting trial-to-paid conversion from 11% to 17%.
- Introduced a quarterly pricing experimentation process that increased net revenue retention by 6 points.

Product Manager

Vantage Cloud — San Francisco, CA

Aug 2019 - Dec 2021

- Shipped a self-serve billing portal that reduced support tickets related to invoicing by 34%.
- Ran continuous discovery interviews with 100+ customers annually to prioritize a roadmap for a 40-person engineering org.
- Partnered with design and engineering to launch a mobile companion app, reaching 50,000 downloads in its first quarter.

Associate Product Manager

Fieldstone Analytics — Oakland, CA

Jun 2017 - Jul 2019

- Managed the product backlog for a reporting dashboard used by 5,000+ paying customers.
- Wrote specs and ran sprint planning for a team of 6 engineers, improving on-time delivery from 60% to 88%.

EDUCATION

University of California, Berkeley

B.S. in Business Administration

2013 - 2017
