

Carlos Mendoza

Mobile Software Engineer (iOS)

carlos.mendoza@palomamail.com | (305) 555-0192 | Miami, FL | [linkedin.com/in/carlosmendoza-ios](#) | [github.com/cmendoza-ios](#)

SUMMARY

iOS engineer with 5 years of experience building and scaling consumer mobile apps, including one with over 4 million App Store downloads. Strong focus on performance, offline reliability, and clean architecture in Swift.

CORE SKILLS

Languages	Swift, Objective-C, Kotlin (working proficiency)
iOS	UIKit, SwiftUI, Combine, Core Data, XCTest
Tooling	Fastlane, GitHub Actions, Firebase, TestFlight
Architecture	MVVM, Clean Architecture, modularized app targets

EXPERIENCE

Senior iOS Engineer

Paloma Media — Miami, FL

Jan 2023 - Present

- Own the iOS client for a social video app with 4.2M+ App Store downloads and a 4.7-star rating.
- Led a migration from UIKit to SwiftUI for 3 core feature areas, cutting related engineering time on new features by roughly 30%.
- Rebuilt the app's offline caching layer using Core Data, reducing crash-free session drops during network loss from 6% to under 1%.
- Set up an automated release pipeline with Fastlane and GitHub Actions, cutting release day effort from a full day to under 2 hours.

iOS Engineer

Tidewater Apps — Miami, FL

Jun 2020 - Dec 2022

- Built core features for a food-delivery app used by over 500,000 monthly active users, including real-time order tracking with MapKit.
- Reduced average app launch time from 2.8s to 1.1s through targeted profiling and lazy-loading of non-critical modules.
- Wrote unit and UI test coverage from near-zero to 65%, catching regressions earlier in the release cycle.

EDUCATION

Florida International University

B.S. in Computer Science

2016 - 2020
