EXPERIENCE

Senior Technical Program Manager

Northlight Systems — San Diego, CA

Mar 2021 - Present

- Drive execution for a company-wide platform migration spanning 9 engineering teams and roughly 70 engineers.
- Built and maintained the program's risk register and dependency map, surfacing 3 critical cross-team blockers early enough to avoid schedule slips.
- Ran weekly executive status reviews, translating technical progress into business-level milestones for senior leadership.
- Led the launch coordination for a major product release involving 5 concurrent workstreams, delivering on the committed date with zero critical post-launch incidents.

Technical Program Manager

Halcyon Networks — San Diego, CA

Jun 2018 - Feb 2021

- Managed the program plan for a data-center consolidation project affecting 4 regional facilities, completed on schedule and 6% under budget.
- Introduced a standardized RAID (risks, actions, issues, decisions) tracking process adopted across 3 engineering divisions.
- Coordinated release trains for a 25-engineer platform team, improving on-time release rate from 65% to 90%.

Project Coordinator

Bluepeak Solutions — San Diego, CA
