

Noah Whitfield

Full Stack Developer

noah.whitfield@ledgerlinemail.com | (614) 555-0119 | Columbus, OH | [linkedin.com/in/noahwhitfield-dev](#) | [github.com/nwhitfield](#)

SUMMARY

Full stack developer with 2 years of professional experience building web applications with React and Node.js. Quick to pick up new frameworks, comfortable working across the stack, and has contributed to a production app used by tens of thousands of users.

CORE SKILLS

Languages	JavaScript, TypeScript, Python
Frontend	React, HTML/CSS, Tailwind CSS
Backend	Node.js, Express, PostgreSQL, REST APIs
Tools	Git, Docker, GitHub Actions, Jest

EXPERIENCE

Full Stack Developer

Ledgerline Fintech — Columbus, OH

Jul 2023 - Present

- Build and maintain features across a React/Node.js personal-finance app used by 60,000+ registered users.
- Developed a budgeting dashboard feature end-to-end, from database schema through UI, that became one of the app's top 3 most-used features within its first quarter.
- Fixed a memory leak in the transaction-sync service that had been causing periodic server restarts, improving service uptime.
- Wrote unit and integration tests that raised coverage for the payments module from 20% to 70%.

Software Engineering Intern

Scarlet Web Studio — Columbus, OH

May 2022 - Aug 2022

- Built internal admin tooling in React and Express used by the customer support team to manage client accounts.
- Fixed 15+ bugs in the production codebase during the internship, several related to form validation and API error handling.

EDUCATION

The Ohio State University

B.S. in Computer Science and Engineering

2019 - 2023
