

Priya Nair

QA Automation Engineer

priya.nair@lattermail.com | (408) 555-0175 | San Jose, CA | [linkedin.com/in/priyanair-qa](#) | [github.com/pnair-qa](#)

SUMMARY

QA automation engineer with 4 years of experience building test frameworks and driving quality practices for SaaS products. Passionate about shifting testing left and reducing the manual QA burden through reliable, maintainable automation.

CORE SKILLS

Automation	Selenium, Playwright, Cypress, Appium
Languages	Python, JavaScript/TypeScript, Java
CI/CD	Jenkins, GitHub Actions, Docker
Practices	Test strategy, API testing, performance testing (JMeter)

EXPERIENCE

QA Automation Engineer

Latterworks Software — San Jose, CA

Oct 2022 - Present

- Built a Playwright-based end-to-end test suite covering 85% of critical user flows, cutting regression testing time from 3 days to 4 hours.
- Introduced API contract testing that caught 22 breaking changes before release across two quarters.
- Integrated automated test suites into the CI pipeline, blocking an average of 6 defective builds per month from reaching staging.
- Trained 5 manual QA testers on automation fundamentals, growing the team's automation coverage capacity.

QA Engineer

Crestpoint Software — San Jose, CA

Aug 2020 - Sep 2022

- Wrote and maintained a Selenium/Java regression suite of 400+ test cases for a healthcare scheduling product.
- Designed a performance-testing framework in JMeter that identified a database bottleneck later fixed ahead of a major traffic spike.
- Collaborated with developers to establish a bug-triage process that cut average time-to-fix for critical bugs by 30%.

EDUCATION

San Jose State University

B.S. in Computer Science

2016 - 2020

CERTIFICATIONS

- ISTQB Certified Tester - Foundation Level
